

STAY OPEN RESTRICTOR

STAY OPEN RESTRICTOR

STAY OPEN RESTRICTOR
FOR USE WITH STERLING
AND STORM COMMERCIAL
HINGES

- Tested to BS 6375-2:2009 to load bearing capacity of safety devices
- Designed to prevent the window from closing past 'stay open' positions
- Designed to prevent the window opening past fully restricted position. Restricted opening is defined when fitting stay open restrictors
- Stay open position automatically selected on opening of window
- Compatible with Sterling and Storm Balanced 16", 22" and 26" hinges
- 12 year guarantee (details available upon request)

Austenitic (was 304) stainless steel to BS EN 10088/2 Grade 1.4301 for enhanced corrosion resistance.

▼ **RELEASE MECHANISM**
Release lever is reset when window is fully closed

▼ **WINDOW STOP**
Crack stop in track prevents further opening of window

STAY OPEN RESTRICTOR

Product Specification

PRODUCT SPECIFICATION

- Easy to fit no routing required
- Non handed product
- Must be fitted in pairs
- Large fitting position tolerance on frame and vent
- Suitable for 16mm to 18mm cavity heights
- Available in three sizes to allow most opening angles to be achieved on vents from 900mm to 2500mm
- For detailed product specification and fitting instructions please refer to the technical manual

Due to our policy of continual improvement we reserve the right to alter specifications without notice. It is the responsibility of the window manufacturer to ensure that the finished window meets the required performance and safety specification.

All transactions are subject to our standard conditions of supply, which are available on request.
